Between

Chechen State Pedagogical University		***Gulf University***
Субры Кишиевой, 33, Grozny, Chechnya, Russia, 364068	*&*	*Building 1964, Road 4363, Block 743, Sanad*
Chechnya, Russia		***Kingdom of Bahrain***

This Agreement is made between "Party A", hereinafter called "*Chechen State Pedagogical University*", and "Party B", hereinafter called "*Gulf University*".

CLAUSE ONE: PREAMBLE

Party A

Chechen State Pedagogical University federal state budgetary educational institution of higher education "Chechen State Pedagogical University", hereinafter referred to as "CHSPU", represented by Rector Baykhanov Ismail Bautdinovich, acting on the basis of the order of the Ministry of Education of the Russian Federation dated June 21, 2021 No. 12-03-02 / 35 "On approval as rector of the federal state budgetary educational institution of higher education "Chechen State Pedagogical University"

Party B

Gulf University (GU) is one of the reputed private and Higher Education Council accredited universities in Bahrain. The university has also met the quality assurance requirements of Educational & Training Quality Authority (BQA) in institutional review. The university was established on 17 September 2001, licensed by the Ministry of Education, Bahrain. GU has partnership with University of Northampton (UoN), UK and hosts three undergraduate programs of UoN namely, Mechanical Engineering, Electrical and Electronic Engineering and BA (Hons) in Advertising and Digital Marketing. GU has international collaboration in order to transfer up-to-date knowledge and best practices in education and research.

The university embraces excellence through its fit for purpose academic programs in various disciplines namely, Human Resources Management, Accounting & Finance, Mass Communication, Engineering, and Law. All the academic programs have achieved confidence under the BQA program review. GU alumni are truly global citizens spreading around the world across diverse nationalities and especially in GCC region.

CLAUSE TWO: PURPOSE

Establishing strategic partnerships in the realms of scientific and educational strategic partnerships creates favourable conditions for the exchange of best scientific and educational practices and disseminates best practices that will further strengthen the interaction between universities in the common cause of developing integration ties in the international educational, scientific, and cultural space.

CLAUSE THREE: THE SUBJECT OF THE AGREEMENT

3.1. This agreement defines the relations between the parties in the field of various types of cooperation:

- development of promising areas of cooperation between the parties in educational methodologies and scientific research and cognitive activities in the field of education and science, implementation of joint information and analytical, scientific, and educational, educational and cultural projects.

- establishment of stable partnership relations between the Parties to facilitate academic mobility for both students and teaching staff members.

- hosting international events focusing on scientific, educational, and cultural themes, aiming to stimulate interest in languages and cultures. This includes establishing language and cultural centres on the premises of both universities.

other additional mutually beneficial cooperation to strengthen and develop partnerships between universities.

3.2. This Agreement does not exclude other areas of mutual interest in cooperation in the field of agreed scientific, educational, and other interests, which, if needed, can be mutually discussed, and decided upon by the involved parties.

3.3. This agreement can be amended and expanded through mutual agreements, documented in protocols, which are an integral part of this Agreement, and enter into force in the same manner as this agreement.

CLAUSE FOUR. OBLIGATIONS OF THE PARTIES

4.1. The parties undertake mutual obligations to create a system of partnerships:

- Sharing information regarding scheduled scientific events and facilitating opportunities for representatives from both parties to participate in these events.
- Organization and conducting of joint international scientific conferences, symposiums, and seminars focusing on pertinent scientific topics and teacher education. This also involves participation in scientific and educational exhibitions.
- Exchanging information concerning research topics, organization, and results of research work while providing the opportunity to publish scientific papers in periodicals of universities.
- Developing and executing network educational programs.
- Inviting and exchanging highly qualified specialists to conduct lectures, hold seminars, and conduct consultations.
- Organization and arranging creative competitions and international subject Olympiads for students, undergraduates, and graduate students.
- Forming collaborative author teams for the joint publication and textbooks, educational materials, and methodological resources.
- Establishing a joint (networked) electronic library and integrating information and communication resources to facilitate electronic and distance learning.
- Organizing internships and advanced training courses for the teaching staff.
- Designing models of promising areas of interstate cooperation in the domains of education and science.
- Joint implementation of scientific programs and projects in the field of fundamental and applied research, along with the conduct of expert and analytical activities.
- Jointly engaging in applications to secure and manage international grants and contracts.

- Publishing collaborative scientific papers in esteemed journals indexed in databases such as Scopus and Web of Science databases.
- Both parties agree to display each other's logo and hyperlink on their respective websites, specifically under the partnership section.

4.2. The parties undertake:

- Facilitate the execution of collaborative areas of cooperation as outlined in separate agreements and other relevant documents signed by the Parties in alignment with this agreement.
- promptly and comprehensively undertake all legal and actual actions necessary for the implementation of joint projects.
- Exchange information resources available to them in accordance with legal requirements.
- Maintain confidentiality regarding information recognized as confidential by the Parties.
- if necessary, hold meetings, consultations, and discussions of issues related to the implementation of areas and forms of cooperation.
- Address and deliberate upon challenges that arise during the execution of this agreement.

CLAUSE FIVE. TERM OF THE CONTRACT, PROCEDURE FOR CHANGING THE CONDITIONS AND TERMINATION OF THE AGREEMENT

5.1. This agreement becomes effective upon signing and remains valid for five (5) years from the date it becomes effective.

5.2. The agreement is automatically extending for each successive year unless either party gives written notice of termination at least 3 months before the expiration date.

5.3. Early termination of this agreement is possible either by mutual consent of the parties or unilaterally through written notification given at least 3 months before the date of the proposed termination date.

5.4. Any modifications or supplements to this agreement require mutual agreement between the parties. Amendments of the agreement are considered accepted upon to a written agreement formalized by an additional agreement signed by the Parties,.

CLAUSE SIX. OTHER TERMS

6.1. The parties do not bear any property or financial obligations under this agreement.

6.2. This agreement defines the main principles and directions of cooperation based on reciprocity and does not imply mutual settlements between the parties. If civil law relations arise between the parties in the future, such relations will be formalized in separate annexes to this agreement.

6.3. All additions and changes to this agreement are made in writing, signed by the parties, and are an integral part of this agreement.

6.4. All disputes and disagreements regarding the conclusion, execution, and termination of this agreement shall be resolved by the parties through mutual settlement, and if no agreement is reached, in accordance with the current legislation of the parties.

6.5. In all other respects that are not provided for by this Agreement, the parties are guided by the current legislation.

6.6. This agreement is made in two copies, having equal legal force, one copy for each of the parties.

In pursuance thereof we hereby sign this agreement.
